

## Event Folding Display Boards

Scan our QR code to view the product Video

### Step 1

Start by taking 1 set of display boards with the foot pegs on the floor. Creating a similar shape as shown.

### Step 2

Place the locking clips on the top section of the display boards.

### Step 3

Position the second set of folding display boards on top of the first set. The bottom panels will have the locking clips fitted.

### Step 4

Lock the 2 sets of panels securely, by pushing the locking clips outwards toward the edge of the panel.

Position the panels into desired shape and your display is ready to use.

### Step 5 (Optional Header)

Attach a header to the your display panels, add the locking clips, then the header.

Slide the locking clips outwards to lock in place.
